

Victorians - don't phone NURSE-ON-CALL!

NURSE-ON-CALL, run by McKesson Asia Pacific Pty Ltd (owned by McKesson Corporation which is America's 16th richest industrial company), refuses to renegotiate a nurses' union collective agreement.

Union collective agreements deliver better wages and conditions.

Nurses are taking action and regrettably won't be able to answer your phone calls.

You can show your support for nurses by phoning McKesson, their employer, and urging them to negotiate a union collective agreement for nurses on 03 8330 9000.
